

NOTICE

Not to admit graduates of the "Artsakh State University". Their education will not be recognized!

The cooperation of European universities with the "Artsakh State University" is considered a violation of the sovereignty and territorial integrity of Azerbaijan and is contrary to its legislation.

The "Artsakh State University" is located in Nagorno-Karabakh, the so-called Republic of Artsakh, which the Czech Republic, like all UN member states, including Armenia itself, does not recognize.

In relation to both sides of the Nagorno-Karabakh conflict, the Czech Republic has long effort to take a balanced approach and develop cooperation with both Armenia and Azerbaijan. A possible cooperation with the „Artsakh State University“ would disrupt this long-term and consistently applied principle of a balanced approach to both sides of the Nagorno-Karabakh conflict, and could not only jeopardize cooperation with Azerbaijani universities, but also complicate overall relations between the Czech Republic and Azerbaijan.
